Vigorous Academics

The College spares no effort to provide excellent academic inputs to students. In addition to the regular faculty members, there are a considerable number of visiting and adjunct faculty from industry and academia giving valuable contributions to students and faculty.

Collaborative and Blended Learning

Residential life, extended library hours, 24/7 computer labs etc. reinforce cooperative and blended learning possibilities. Teachers provide study and discussion materials via online which are extensively used by students to enhance their learning through reflection.

Examinations

Being autonomous, Marian has the complete responsibility of conducting examinations. Strict adherence to the schedule ensures timely conduct of examinations and publication of results.

Spiritual Values

Being a Christian minority institution, Marian believes in substantial spiritual and social values. It nurtures the religious values of all denominations and students are encouraged to feed their soul and minds with the religion of their own choice. Catholic Students are encouraged to participate in regular Holy Mass, Retreats and CSM-JY activities. All the students are given value education classes and mentoring, a platform for spiritual formation respecting the diverse beliefs.

Firm Human Values

Beyond making a living, every Mariniate learns to live with fundamental humane values of relationship, compassion, honesty, commitment and responsibility. Many activities contributing to such values, therefore, are an integral part of Marian academic life.

Technology Driven

The teaching-learning process in Marian is extraordinarily technology driven. Apart from the Smart Classrooms, the entire campus and hostels are Wi-Fi connected and learning materials are generally available 24/7 through the Internet. Marian utilizes MOODLE software as Learning Management System (LMS)

Content Delivery

Students can access the notes and other study materials from the intranet & through the Internet on METLE (Marian E-ware for Teaching, Learning and Evaluation). Mobile apps are also being developed to utilize the possibilities of modern technology in the teaching learning process and documentation. Reprographic facilities, extended library timings till 10 pm, 24/7 computer lab internet connectivity, and so on, make learning a great experience and fun. Advanced instructional strategies like the Flipped Classroom and CBIR introduced into the learning environment of Marian in the previous academic year.

Scholarships and Freeships

Around 20% of the students are financially supported by the institution through different schemes. In addition to the institutional scholarships, all eligible candidates are assisted in obtaining different Government scholarships. Altogether more than 60% of our students are on scholarships. Three of our staff members are specially assigned to extend help to students in this regard.

International University Tie-ups

The College has solid co-operation with many reputed Foreign universities which eases the exchange of faculty and students and reassures the alliance in teaching-learning and research. The students receive scholarships to study aboard, for credit transfer and dual degree etc. depending on the nature of collaborations. We are planning to facilitate direct student interaction with students and faculty from these Universities for providing a global exposure to all our students in the near future. The Marian Academia team up with the aboard universities and colleges such as
