2019-2020

OUTREACH

The Outreach program of III BCA students of Marian College Kuttikkanam (Autonomous) was organised on 13th Feb, 2020 at Govt LP School, Kozhimala Kanchiyar in association with the extension department of the college. 58 students of final BCA accompanied with two faculties – Mr. Santo Cherian and Ms. Jyothi Jose paid a visit to the Govt. LP School, Kozhimala. The intention of the visit was to provide basic computer knowledge to the students and parents of the government school. The program was inaugurated by the most respected king of Kovilamala – Raman Rajamannan. King expressed his dream and vision to provide the technological awareness to the unprivileged citizens of his region. Kanchiyar Panchayat and PTA of the school provided immense support for the initiative by the students. Students were formed into different groups and they assisted the parents and school students to use the laptops, access different websites and use the various services offered by the internet. Sessions were taken on the usage of smartphones for the daily needs. Participants were really excited to get the hands-on experience for the first time. Our students also had a nice time mingling with the school students through various games and fun.

Along with sharing the knowledge, the outreach programs also provide the students a new outlook about the society. Students experience the hardships and limitations of the local community and this motivates them to effectively utilize their time and support for the unprivileged groups in our society.

Program was concluded with a small sight-seeing around the locality guided by the PTA president of the school – Shri M. M Devasia. College extension department director Rev. Fr. Sebin Ullatt and coordinator Mr. Sebastian George also were present for the program.

2018-2019
